

Hot cylinder ironers

IC63316, IC63320

Images shown are a representation of the product only and variations may occur.

Features and benefits

- Easy to use control panel
- Ergonomic working height
- Finger guard protection providing additional security for operators
- Pressure roll with a Nomex® padding for a good ironing quality
- Durable ironing belts made of Nomex® which can withstand temperatures above 220°C
- Stainless steel hot cylinder (3 mm) prevents rust and improve lifetime
- Maintenance free ceramic gas burner minimizes downtimes. 20% more efficient than regular blue flame burners. A unique and patented burner by Electrolux Professional
- Return feed, can be installed close to a wall for space saving
- Foldable feeding tray so that large flats avoid touching the ground
- Auto stop cool-down function

Main options

- Electronic control panel with automatic speed regulation system (DIAMMS – Direct Ironer Advanced Moisture Management System) – compatible with the RABC (Risk Analysis and Bio-contamination Control) process for the traceability of ironing parameters; flashing light showing to the operator that an item is not fully dried (not available for ETL version)
- Manual folding arm for easy folding of large flat items by only one operator
- 6 mm stainless steel hot cylinder for better productivity

Main specifications		IC63316	IC63320
Capacity, max. water evaporation ¹	l/h	19.5	24.5
Hot cylinder, diameter	ø mm	325	325
Hot cylinder, length	mm	1650	2065
Ironing speed	m/min	0.5–7.5	0.5–7.5
Specific speed for ETL version	m/min	0.5–5.5	0.5–5.5
Heating, electricity	kW	18.0	22.5
Heating, gas	Btu/h (kW)	68 240 (20)	85 330 (25)

¹. 50% residual moisture content cotton 190 gr/m² and 100% cylinder use (ISO 9398).

Electrical connections ¹	IC63316	IC63320
Electric heated		
400V / 3 AC / 50-60 Hz	18.0 (32)	22.5 (32)
230V / 3 AC / 50-60 Hz	18.0 (60)	22.5 (60)
Gas heated (CE)		
400V / 3 AC / 50-60 Hz	0.5 (10)	0.5 (10)
230V / 3 AC / 50-60 Hz	0.5 (10)	0.5 (10)
230V / 1 AC / 50-60 Hz	0.5 (10)	0.5 (10)
Gas heated (AGA)		
400V / 3 AC / 50-60 Hz	0.5 (10)	0.5 (10)
Gas heated (ETL)		
208-240V / 1 AC / 60 Hz	0.5 (10)	0.5 (10)
120V / 1 AC / 60 Hz	0.5 (10)	0.5 (10)
